

CIEE, International students' committee at ESADE University (Spain) gladly introduces:

BARCELONA INTERNATIONAL WEEK From 10th to 17th September 2011

A unique chance to spend a whole amazing week in Catalonia, by the hand of nice Spanish students who will guide you around the city and some surrounding areas, visiting the most important sightseeing spots in town, getting lost through the tiny, narrow, charming streets in Barcelona's gothic quarter, going to some famous catalan beach (we'll swim if the weather is nice, so you should better bring a swimming suit). And obviously, we will have some company visits (FCBarcelona among some others), lectures, and the common International Dinner!

And you will enjoy Spanish Fiesta too, as we've arranged optional parties every night, so that you can see how student's life is like in Barcelona.

Food & drinks, transportation, activities and excursions done as the whole group will be paid by our organization committee during the week (alcohol, some disco's entrance fees and souvenirs won't). However, we recommend you to bring pocket money for your personal expenses.

You will be hosted by local students in Barcelona.

Only 1 or 2 students from each university will be accepted. We've got up to 22 places. So, if you are interested, just fill in the enclosed Application Form, and send it to us along with your CV.

Deadline for application is on **June 3rd**. Only those applications sent through student organizations will be considered. Do not make any travel arrangements until you get our confirmation.

For those who finally join us in Barcelona, notice Spain is still pretty sunny on autumn, so you may want to carry some sunscreen lotion with you. And definitely put in on if you don't want to get burned!!

We are waiting for you!!!
